The non-profit **Mary Ball Washington Museum & Library**, founded in 1958, is a *local history and genealogy organization* and is named in honor of the Lancaster County native and mother of President George Washington.

Our mission is to discover, collect, preserve, understand and interpret the history of Lancaster and surrounding counties of the Commonwealth of Virginia for the enjoyment and educational benefit of all residents, succeeding generations, and visitors, and for the vitality of the area, fulfilled through exhibits, programs, research and collaborative activities.

Museum exhibits in the historic buildings of Lancaster House, the Old Jail, and Old Clerk's Office offer changing exhibits about local topics and showcase artifacts from our *collections and archives* such as household goods, clothing, portraits, photographs, letters, and other items spanning more than three centuries of history.

The Genealogy & History Research Library contains thousands of books, periodicals, family genealogies, county records, and other research materials on Lancaster, the Northern Neck, and other locales in Virginia and nearby states.

The Gift Shop & Bookstore offers a large selection of regional books and research publications, including the full-length history *Lancaster County, Virginia: Where the River Meets the Bay*, along with Virginia products, souvenirs, and heritage items.
